

SAFETY REPORTS

Use the [Safety Incidents](#) app from Safety Reports in the field to create and manage incidents.

View and manage Past incidents anytime from the incident home screen.

Choose details about the incident, including employees' actions, and locations from drop-down menus

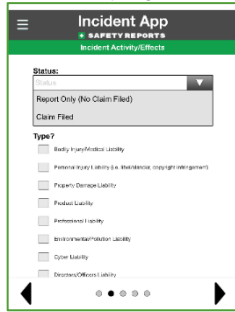

Describe what led up to the incident, and notes or a narrative about the incident itself.

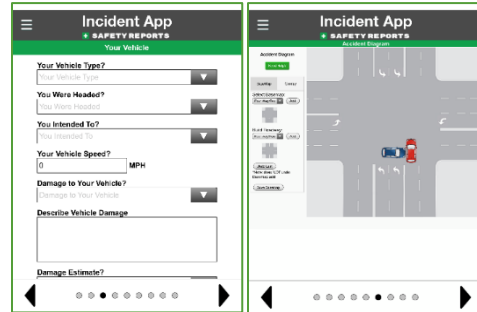

Record Injuries and Illnesses, including body diagrams for added detail.

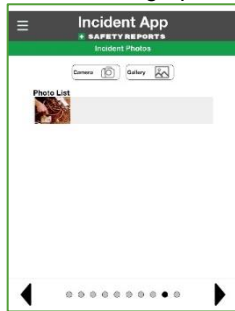

Choose whether reporting only, or if this incident report is accompanying a claim.

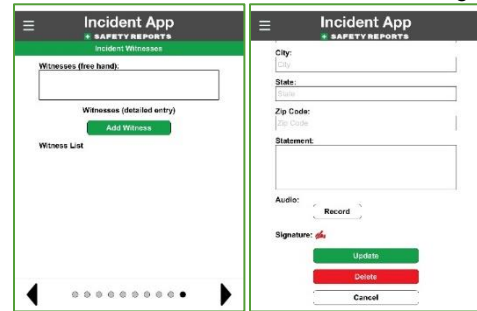

Enter vehicle information and use a diagram to recreate the accident scene.

Add and manage photos.

Add witness statements in text or audio, and signatures.
