

OSHA enforcement activity is on the rise and so are penalties for non-compliance. Following are just a few examples:

**US DOL Announces Annual Adjustments to OSHA Civil Penalties** The US DOL announced adjustments to OSHA civil penalty amounts based on cost-of-living adjustments for 2021. [Read More...](#)

**OSHA Announces \$3,930,381 in Coronavirus Violations** Since the start of the coronavirus pandemic through Dec. 31, 2020, OSHA has issued 300 citations arising from inspections for violations relating to coronavirus, resulting in proposed penalties totaling \$3,930,381. [Read More...](#)

**DOL Reminds Specific Employers to Submit Required 2020 Injury and Illness Data** The U.S. Department of Labor's Occupational Safety and Health Administration reminds employers that the agency will begin collecting the calendar year 2020 form 300A data on Jan. 2, 2021. [Read More...](#)

Stay on top of the latest OSHA news, initiatives, and products to help identify and prevent workplace hazards.

**Alaska Laser Wash** car wash company earns SHARP Recognition. [More Info](#)

OSHA issued **New Public Service Announcements** in English and Spanish to help prevent the spread of Coronavirus. [More Info](#)

OSHA offers tips for **Staying Safe When Using Dry Ice For Vaccine**. [More Info](#)

On Jan. 15, 2021, OSHA's civil penalty amounts for **Workplace Safety and Health Violations will Increase**. [More Info](#)

3 reasons **Driver Vehicle Inspection Reports** are essential. The most important is to reduce the number of crashes, injuries, and fatalities related to poor vehicle maintenance. [Read More](#)

The Importance of **"Effective" Safety Training**. Have you heard the saying, if the student hasn't learned, the teacher hasn't taught? There's so much truth to this. [Read More](#)

### COVID-19 Resources

We've recently added several new COVID resources to our website. We hope you take time to check them out! [COVID Resource Page](#)

Some of the new resources recently added include:

New **COVID Checklists** specific to California, Washington and Virginia. These are in addition to our Federal COVID checklist.

We've added a checklist for entities needing to set up **COVID-19 Off-Site Vaccination Clinics**.

We've added a link to access free **COVID-19 Print Resources**.

And don't forget, we also provide free access to our COVID friendly **Remote Inspection** option called **Virtual Safety Reports (VSR)** for those using our Inspection App (Enterprise Accounts). This is a great way to conduct inspections without ever leaving your office!

### JSA App Update

We're currently working on updates to our JSA App and hope to have a new version released soon! Some of the updates include:

Ability to work in offline mode.

Option to add modifiers in heading (i.e. Division, Project, Location, Job Number, etc.).

Option to group Hazards by Task.

Users get automatic notifications when there's a status change (i.e. JSA Approval granted).

As soon as these updates are released, we'll send a notification.

If you'd like to learn more about our **JSA App**, [click here](#).

### Training App Update

We've made quite a few changes to our Training App (formerly Toolbox Talk App). In addition to allowing you to conduct paperless Toolbox Talks, this app also tracks training and issues certificates!

Other recent changes allow you to import 3rd party training certs. All of the certifications are accessible via the app in the field, and of course, from the admin site.

This app also offers a feature that allows you to send toolbox talks and other training events to remote employees. They simply click on a link to review the training materials, answer a few questions, and when they answer them correctly, they get credit for completing the training.

### Checklist Updates

As always, we're constantly working to make updates to our checklists.

Here's a summary of our recent changes:

Added a new category called **Laser Safety** to our Construction 1926 Checklist.

Added a new category for Fall Protection specific to those in the **Roofing Industry** to our CalOSHA Construction Checklist.

We're currently working on several updates to our **MSHA Surface Mining** Checklist to include new categories and several new questions (100+ in all).

As many of you know, our checklists reference applicable regulatory standards. We also provide recommendations with links to the standards. [Learn more](#)

### Dashboards

Our Enterprise customers have access to Dashboards that allow them to quickly and easily review analytics for each of our apps.

[View Sample Dashboards](#)

Be sure to select the products in the gray bar at the top of the page.

### Refer a Friend!

If you like our app, please take a minute to refer a friend. For each referral that becomes a customer, we will send you a Safety Reports 20 oz. Yeti Tumbler! It really is that simple! [Refer a Friend](#)
