### JSA App

Our JSA App lets you create JSA's from our mobile and/or web-based platforms. If you're needing pre-built JSA's, we might not be right for you. But, if you're needing a simple way to create your own customized JSA's, this app will meet your needs.

#### Features include:

Comprehensive JSA's in minutes using our templated program that includes standardized hazards and controls.

Compatible with iOS and Android devices (tablets and smartphones) and also includes web access.

Manage all JSA's electronically and distribute via email.

Review JSA's with employees and use our electronic signature collection to document training.

[Click here for more information](#)

### Inspection Checklists

When using our Inspection App, you have the option to use any of our standard checklists that come with the system. We also give you the option to customize our standard checklists.

And if our checklists don't meet your needs, you have the option to upload your own in-house custom checklists.

Our standard checklists include:

1. Ag Industry
2. Best Practice Audit
3. Construction - 1926
4. Construction - CalOSHA
5. Construction - WISHA
6. DOT/FMCSA - 49 CFR
7. Ergonomics - Industrial
8. Ergonomics - Office
9. General Ind. - 1910
10. General Ind. - CalOSHA
11. Incident Report
12. Maritime - 1915
13. MSHA - Surface Mining
14. Office Safety
15. Process Safety Management
16. USACE EM 385

Most of our checklists include reference to the applicable regulatory standard along with a link to the standard reference.

For more information on our checklists [click here](#).

### Safety Doc App

We're currently working on a new app and expect to have it available this Summer.

Our new **Safety Doc** app will allow you to upload your safety documents (policies, manuals, SDS's, etc.) and make them available to employees in the field via our mobile app.

With this app, your employees will always have the most current copy of your important safety documents at their finger tips! More information coming soon!

### We Build Solutions

Safety Reports started back in November 2011 and we've steadily grown into one of the premier Safety Management Systems on the market today.

Our in-house developers know how to build simple, yet powerful apps! They're supported by a Certified Safety Professional and the best sales and support team in the industry!

Don't take our word for it, check out our products below and sign up for a free trial or schedule a demo and see for yourself!
