4 Podcasts for Safety Professionals

If you are interested in occupational health and safety, or are in the field, there are podcasts tailored to you... [Read More](#)

Incident App

Our much anticipated **Incident App** is scheduled to be released the week of Sep. 9th!

Our first release allows app users to record injuries, illnesses and near misses. Administrators will have an option to transfer injuries and/or illnesses to the OSHA 301 First Report Form and the OSHA 300 Log and Summary.

Future releases will include the ability to document vehicle crashes, property damage claims, liability claims and more.

We'll notify everyone via email as soon as the app is available for download in the app store.

Training App

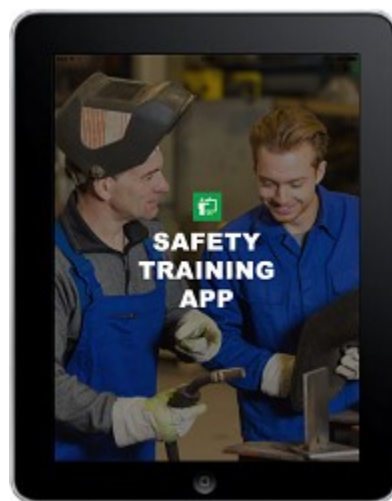

Several of you have been taking advantage of our incredibly easy to use Toolbox Talk app, but did you know it does so much more than just document toolbox talks?

If you own an Enterprise Account, you can track all types of training with this app (i.e. Classroom, Practical, Online, etc.). You get reminders when training is due and it tracks all the training to make sure required training is completed in a timely manner.

We also have an upgrade that allows you to send emails to your employees with safety talks attached and **includes an online quiz** that must be completed in order to get credit for the training.

So many neat features and all at a very affordable cost!

JSA App

If you haven't checked out our JSA App, you should! This app allows you to easily create JSA's or JHA's on the fly from your smartphone or tablet, and it also includes an option to build JSA's from your computer.

Dashboard Pages

We've made some updates to our dashboard pages and thought you might want to check them out.

Our dashboards give you a high-level view of the data collected using our apps.

Select the link below to view our sample dashboard pages and then click the links at the top of screen to toggle between dashboards:

Observation App

Need a simple way for employees to document safety issues in the workplace? Check out our new Observation App. It's incredibly simple to use and very cost-effective. For as little as \$10 per year your employees can submit an unlimited number of safety observations.

Observations are sent immediately for high severity observations and you have the option to schedule all other observations for daily or weekly delivery depending on your needs.

Photo of the Month

Yes sir Mr. OSHA, my harness is tied off to an anchor point.

Note: this photo was not taken using our app. We NEVER post/use customer photos without obtaining written consent. Source: [pinterest.com/source/asse.org](#)

California, Here We Come!

We're packed and ready to head to San Diego next week for the NSC 2019 Congress and Expo.

If you're planning to be at the show (Sep. 9-11), please stop by and visit us at **Booth 1247**. We'd love to meet you in person!

[Click here to download your free 3-day floor pass \(\\$224 value\)](#)

Hope to see you in San Diego!

We Keep Growing!

Refer a Friend

If you like our app, please take a minute to refer a friend. For each referral that becomes a customer, we will send you a Safety Reports 20 oz. Yeti Tumbler! It really is that simple!

It includes preloaded safety hazards and controls and you also have the option to create your own custom hazards & controls.

You can even review the JSA with your employees and have the
