SAFETY SIMPLIFIED

OSHA Enforcement Activity

OSHA enforcement activity is on the rise and so are penalties for non-compliance. Following are just a few examples:

Administrative Law Judge Upholds U.S. Department of Labor Citations and Penalties to Manufacturer that Falsely Claimed Violations' Abatement A judge with the Independent Occupational Safety and Health Review Commission upholds citations and penalties from the U.S Department of Labor's OSHA against Timberline Hardwood Floors LLC, a custom hardwood-flooring manufacturer that falsely claimed to have corrected previously cited hazards. The judge's decision also orders the company to pay $166,265 in penalties for all violations. **Read More...**

OSHA QuickTakes

Stay on top of the latest OSHA news, initiatives, and products to help identify and prevent workplace hazards.

3 Best Practices For Communication During A Safety Incident

Construction and manufacturing job sites often have high-risk and low-risk zones, and areas where a varying number of workers are present at any given time. The varied nature of a construction site means that in the event of a safety incident, a worker may find themselves in a dangerous situations with no help... *Read More*

Incident App Updates

Check out the changes we've made to our Incident App! We added the ability to document Vehicle Incidents and Property and General Liability Incidents.

We've also updated the dashboard page to show your company's Incidence Rate compared to the most current BLS Incidence Rate data for your industry group.

Check out our sample dashboard page on our website - *View Our Incident Dashboard*. Be sure to select **Incidents** from the menu in the gray bar at top of page.

Training Exams

A new feature has been added to our Toolbox Talk App. You can now send toolbox talks via text to your employees. Your employees will be able to review the toolbox talk and answer 3 to 5 questions. If they answer them correctly, they get credit for the safety talk.

Sending Toolbox Talks via email or text message is fee-based and starts at $10 per employee per year. Price discounts apply based on number of employees.

If you'd like to learn more, please contact our *sales team* for information.

"Inspector Quality" Report

We just released a new report that provides an overview on how well your inspectors are doing with their reports. It tracks number of inspections per goal, number of negative observations per report, number of photos and notes with each report.

The Inspector Quality Report is available in Performance Reports in your Admin site. Click below to view a sample report. *View Report*
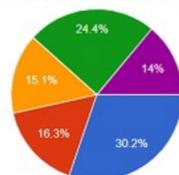

Forms App Update

Our new Forms App is very close to being released. It's in the beta testing stage and should be on the market in mid to late September.

The Forms App will convert your paper forms to a digital format allowing your employees to complete the forms digitally and submit them via email from a smartphone or tablet. More information coming soon!

Survey Results

We asked how much COVID-19 has impacted your ability to do inspections and you responded. *View Results*

COVID Impact on Inspection Frequency

- No impact (frequency nearly the same)
- Minimal impact (frequency down 10-30%)
- Considerable impact (frequency down 30-50%)
- Significant impact (frequency down 50-90%)
- Extreme impact (frequency down nearly 100%)

Scheduled Reports Using Job Bank

We added a new feature allowing our subscribers to schedule Performance Reports using "Job Bank".

The process is very easy to use and provides analytical reports specific to a project and delivers them via email to your team.

It's a great way to keep you team abreast of important safety metrics for your worksites.

Contact our *support team* for information on how to set up scheduled reports using Job Bank.

Refer a Friend

If you like our app, please take a minute to refer a friend. For each referral that becomes a customer, we will send you a Safety Reports 20 oz. Yeti Tumbler! It really is that simple! *Refer a Friend*
